

Guildford Motor Club

Editorial

Happy New Year!

A slim line edition of InTune for January. Why not make one of your New Years resolutions is to provide some copy for the newsletter on a regular basis doesn't have to be every month?

Don't forget the AGM in a few days time on the 10th at The Cricketers you can also renew your membership at the same time.

Interesting to report, in fact good news really on the popularity of events. The Carpet Bagger Road Rally on the 20/21 January has a full entry and the South Downs Stages in February at Goodwood again has a full entry complete with reserves. This event was oversubscribed within three days of its announcement. Equally the Brands Hatch stages on the 21st January runs with a full entry of 90 cars.

Bodes well for the rest of the year and let's hope the popularity feeds down to our events

Annette & Robert Clayson

Annual General Meeting

Tuesday 10th January 2017

The Cricketers, Pirbright

From 8pm.

Membership Renewals

A reminder that the subscriptions are due on the January 1st.

These need to be forwarded to Mark as soon as possible and he will issue you with a new membership card!

Full Membership is £15 and £20 for Family Membership.

Why not renew at the AGM!

9.	J. Jordan	Lilfo Imp S & S C.C.

+ denotes A.C.S.M.C. Championship Contender
= denotes Trianle Championship Contender.

Some people never learn

You know. They're all over the place. The basic advice. The whole spark plug and the works. But a cooker is a cooker is a cooker. Unless you're prepared to give it a boost, give it a boost. Start with a set of Powermax spark plugs and bearings.

The basic advice at Powermax know a thing or two or three about what goes on at the end of the spark plug. Forth, this 413 alloy piston will take it. All of it. And the formulae are there. Then most of the rings are made of HD 22-C, with a tensile strength of 28 tons. Powermax top rings are also cleaned with the highest known resistance to such agents as fuel wash, acid attack and oil. And they do the equivalent of 1000 miles chrome ring bedding in 100 hours.

Then there's that minute coating of red Carboron on every top ring. A special compound that lets you do the equivalent of 1000 miles chrome ring bedding in 100 hours.

If you've checked it properly, you can save a bit of head on the GT. And get up to 40% more bore life. And burn the tanks off the road in the process. Now you know!
