INTRODUCTION

We are very pleased to announce that through the continuing generosity of Utting Estates Limited a degree of financial support will be available again during this current challenge series in order to stimulate interest for beginner crews and some awards for the overall and class winners. The introduction of 12 Car Rallies many years ago was intended to encourage newcomers into rallying and today this is still very much the principle aim. In this series challenge beginners will be very welcome and a subsidy of £50.00 will be available on each round as a contribution towards their expenses. Those interested should contact Peter Turner who will explain what is involved in detail. Also precedence will be given to novice and beginners crew entries.

There will be nine events your best six events will count for the overall and class awards. However to be eligible both of the crew must either marshal or help organise on one of the events in the challenge series. This will be managed again by Tim Loftus who will keep a results and marshals register which will be published on the Weald website and facebook page.

We will adopt the system used on last season's events. MTC0 in the start venue and TC1 start outside or near the start venue. This ensures all competitors arrive with time to spare and marshals will know how many starters there are.

Entries for all events in this series challenge will open on publication of these regulations

The Insurer we will use for third party cover this upcoming season will continue to be JELF
